Important Information

The medium of instruction is English. All the courses were conducted in completely online mode.

On successful completion of graduating requirements, the status of the programme is recorded as Completed.

Performance Index of a student is calculated using the formula

$$\frac{\sum C_i G_i}{\sum C_i},$$

where C_i is the credit of the course and G_i is the grade point corresponding to the grade obtained in that course.

- The Trimester Performance Index (T.P.I.) is calculated based on all the courses registered in a given Trimester.
- The Cumulative Performance Index (C.P.I.) is calculated based on all the courses registered from the date of admission up to the given point of time.

The C.P.I. and T.P.I. are given on 10-point scale.

The Institute does not award any class or division.
